Launching from Silverton, CO at 9,300 feet begins the journey through ten miles of challenging river which culminates with Class V No Name Rapid. From here it is 2 miles of continuous whitewater dropping an amazing 120ft/mi ending at Needleton where we will board the train for the ride back to Durango.

Needleton Stretch

Class III - IV: \$269 Age 12/14

Ride the Durango-Silverton Train to the halfway point in the canyon where the start of 12 miles on the friendlier side of the Upper Animas begins. The river quickly gets your attention with Class IV Broken Bridge Rapid followed by miles of continuous Class II & III whitewater. Stunning scenery and fun whitewater make this the foremost trip in the state for all experience levels!

Rockwood Stretch

Later in the summer season the 200 foot deep Rockwood Gorge is the premier whitewater trip in the Southwest. PIEDRA RIVER

WILD & SCENIC GEM OF THE SAN JUANS!

Season: May - June

Lower Box Canyon

Class III - IV: \$189 Age 14/16

The 12 mile Lower Piedra Box is a full day trip comparable to the Needleton Stretch of the Upper Animas due to its steep drops, cold water and isolation. Shortly after getting on the water the dramatic 1 mile long box canyon is entered. Here lie 6 significant pool-drop Class IV rapids culminating with the one-two punch of Eye of the Needle and Meat Grinder Rapids. After this very exciting beginning the trip winds down with miles of enjoyable and scenic Class II and III water.

Upper Box Canyon

Class II - III+: \$149 Age 12/14

The 10 mile Upper Piedra Box is a full day trip appropriate for adventurous families looking for more of the "Colorado" experience than the Animas River through Durango has to offer. This is a remote and scenic trip of fast moving Class II water punctuated by two Class III+ rapids.

Upper Animas & Piedra River Trips Include:

- Everything! We believe in no hidden fees and extra rental costs.

Upper Animas & Piedra River Trips Require:

- An honest assessment of your physical condition
- Reservations are required for all Upper Animas & Piedra Trips
- Experience & age requirements fluctuate with water levels
- Silverton & Rockwood Trips have a mandatory orientation the evening before your trip. Orientation for the Needleton Trip is waived at low water
